REF : DLM/732-SBCU-19/FEBRUARY/2019
DATE : 19-02-2019
SUB : DLM Intro

TO : **The Principal,
Sri Bhuvanendra College
Uduppi**

Dear Sir/Madam,

Thank you very much for this opportunity to introduce the **Digital Linguistic Mentor** or **DLM** to your prestigious institution of learning. We would also like to request you a no-obligations 15-minute audience to not only showcase the versatility of DLM but also its incredible usefulness.

DLM, is a full-service foreign language mastering solution that seamlessly integrates the power of information technology with comprehensive language-teaching and learning methodologies that personifies **TPACK**, or technology, pedagogy, and content knowledge – the latest *Mantra* or framework for ensuring perfectly smooth and at the same time, enjoyable interaction between the three fundamentals of knowledge: **Content, Pedagogy, and Technology**, which delivers positive results – **responsively**.

Brought to you by **Thaliyola Infotech**, front-runners in delivering world-class technology to the education sector for over 20 years, **DLM** is indeed a work-of-art painstakingly conceived from the ground-up not only using the flexibility and finesse of Java™ programming language but also in close consultation with IT-gurus, renowned faculty and linguists. It is **NOT** yet another run-of-the-mill language lab that promises the moon and usually ends-up as a useless piece of technology that is best left ignored or conveniently forgotten very soon, by institutions.

DLM works across a network of computers administered by the all-powerful Mentor Console controlling every activity of the Mentee Consoles. Comprehensive details of **DLM Essential, Essential Plus, Advanced & Premium** are listed overleaf along with our pricing and information brochure for your immediate perusal, which we are certain, will prompt you to invite us at your earliest convenience.

Thanking you and looking forward to hearing from you.

Yours Sincerely,

For Thaliyola Infotech Pvt. Ltd

Reneesh K.
